MONDAY, NOVEMBER 3, 1919.

### The Weather.

Fair to night; Tuesday partly cloudy and probably rain in Vermont; slightly warmer; moderate northeast to east winds.

### TALK OF THE TOWN

C. W. Perry left last night for New Boston, N. H., on a brief business trip. Mr. and Mrs. E. M. Wheeler and son of Barre visited friends in this city Saturday.

Mrs. Susan Parks of Plainfield is passing two weeks at the home of H. S. Parks, her son, on Averill street. Mr. and Mrs. C. W. Martin of South Main street motored to Boston Saturday, where they spent the week-end.

The amusement committee of the Odd Ladies will meet at the home of Mrs. Nellie Blanchett Monday evening at 7 o'clock.

Isaac Sirkin of Cottage street returned this morning from New York, where he has been for the past few days on a buying trip. David McDonald and his sister, Mrs. Peter M. Park, jr., were called to Belvidere Falls by the sudden death of their sister, Mrs. J. A. Martin.

John Murray of Bassett street was brought yesterday to the Barre City hospital and there to-day he underwent a serious operation.

James Myette of Wells River is visiting for a few days at the home of his sister, Mrs. Charles Welch, of the Welch farm on the Plainfield road.

Charles Hendry of Plainfield, who recently purchased the Northrup farm in Williamstown, is moving his household effects to his new home to-day.

Notice: All members of the Minnehaha encampment are requested to be at the hall to-night to practice the patriarchal degree. Per order of the patriarch.

Half-plush, 36 inches wide, velvet 27 inches wide, and heavy wool for coats, 54 inches wide, at the Little Dry Goods store, 5 Cottage street, off Main street.—adv.

One hundred and sixty quart milk route for sale; pays 8 cents per quart and sells for 13 cents. Ford truck, sled, wagon, bottles, cans, coolers, etc., for \$650. Truck alone is worth \$150. Inquire of the D. A. Perry Real Estate Agency.

Harold Spaulding, who figured in the motorcycle and Ford accident on the Montpelier road some six or seven weeks ago, has so far recovered from injuries received in the accident that yesterday he was able to return to his home in Roxbury.

A telephone call at 9:15 Sunday morning caused the regulars to make a run with the fire truck to No. 40 Murray street, the house occupied by J. M. Leith, where a chimney fire was raging. Nothing was done to prevent it from burning, as there was no impending danger and after a time the fire subsided.

Vermont's wonderful 15-year-old coloratura soprano, Marion Keeler of Burlington, will be heard at the Barre opera house Tuesday evening, Nov. 11, under the auspices of the Barre Woman's club. An added feature will be Miss Marjory Crabbe, interpretative dancer. Tickets, 50c. Sale begins at 2:30 Saturday afternoon, 8.—adv.

Mr. and Mrs. Charles Smith of South Main street returned Saturday afternoon to their home after an absence of two weeks and a half, most of which was passed with Mr. Smith's mother in Youngstown, Ohio. There they left the car and proceeded to Albany, N. Y., and Niagara Falls, and thence to Youngstown. Mr. Smith resumed his work as a brakeman on the hill train this morning.

Rev. George F. Fortier, superintendent of the Universalist denomination in Vermont, preached at the Universalist church yesterday, filling the pulpit made vacant by the resignation of Rev. J. B. Reardon; and at the close of the service the trustees of the church met and decided to hold a farewell reception for Rev. Mr. Reardon and family on Thursday evening, Nov. 6, the reception to be held in the vestry of the church.

To-morrow night at 7:30 o'clock in the Presbyterian church will occur the installation services of Rev. William McN. Kittredge as pastor of that church. The services will bring to local people such speakers as Rev. James Smith of Manchester, N. H., and Rev. W. E. Archibald of Portland, Me. Rev. F. H. Laird of West Barre and Rev. E. L. Goodspeed and Rev. B. J. Lehigh of this city will also take part. Immediately after the exercises the reception to the pastor and his family will take place in the vestry. It is to be hoped that a large number of adherents and friends of the church will attend both services.

The Goddard second team suffered defeat as well as the first team Saturday, when the Tosi academy team met them on the Goddard gridiron. The game started at 2:45 and in the agreed time of four 12-minute periods the Tosi team had scored one touchdown but had missed the goal. At the end of this time both sides seemed anxious to extend the game so the battle was prolonged over a period of two hours and in that time the Goddard boys scored a touchdown. There is a question whether this counted in summing up the contest. Both teams battled in line shape. The Tosi academy team being able to pierce the Goddard line time after time with little effort. But Goddard's thorough practice on open field work and signals kept the stone crushers from scoring often.

TOO LATE TO CLASSIFY WANTED AT ONCE—A kitchen woman; apply Baltimore Lunch. 1919

LOST—A \$5 bill either on Main or Merchant street Saturday night; will the finder please return to The Times office? 1919

## MONTPELIER

Alvren F. Davis Pleaded Guilty to Charge of Forgery.

Alvren F. Davis of Windsor was sentenced in Montpelier city court this morning to the house of correction for from three to five years and to pay a fine of \$30, costs of \$25.85 and make restitution to the state of Vermont of \$5. He was placed on probation on condition that he pay the fine and other expenses at the rate of \$10 a month. He was charged with forgery, it being alleged that he used a check payable to H. H. Black of Windsor and drawn by George W. Norton, which he forged, for the purpose of getting a motorcycle registered at the secretary of state's office. He was arrested upon State's Attorney E. R. Davis' warrant and brought to Montpelier. He pleaded guilty to the above charge.

Three new cases have been filed in county court. These include in re estate of Michael M. Marron, Fred Marron, appellant, appealed from the allowance of the final account in probate; D. W. Flint vs. E. H. Stanton, general assumpsit; Douglas C. Roben vs. Perini and Co.

In probate court this morning Burton E. Bailey settled his account as administrator of the estate of Arabella Holden, late of Montpelier.

Judgment was given the Auto Blue Book Publishing company this morning in Montpelier city court against Mrs. H. C. Gilcholl to recover \$25, and costs for an advertisement which the latter used in the Blue book of the company. In the case of John Silver vs. George Benjamin, alleged fraud and misrepresentations, relative to certain land, there was no appearance this morning. The suit is brought to recover \$200. It was claimed that the pump and stream of water which Benjamin said was on a farm that he sold the plaintiff was not there at the time of the sale nor are they there now.

The crews of the two "way freight" on the Central Vermont railway which terminated each evening at Montpelier Junction have been changed, so that their terminal is now Montpelier. They bring their train into the city and set off the cabooses on the spur track near the station, after which the engines are taken back to the round house by the junction by a crew of men who work at the junction. This is much pleasanter for the men than it used to be when they had to walk from the junction to Montpelier to stay overnight, or buy their food if they boarded themselves in their caboose, as is frequently the case.

James Laird, the right halfback of Colgate college football team, returned home Saturday afternoon after playing in the Colgate Dartmouth game at Hanover, N. H., and passed Sunday with his parents here, excepting that portion of it when friends of his talked over the game with him in the Apollo club in Montpelier. "Jum," as he is better known, met the full expectancy of his Montpelier admirers. He was withdrawn from the game in the last three minutes of playing so that a substitute might have some training for next year, and it was during this portion of the game that Dartmouth tied the score. Jum's Montpelier admirers feel that if he had remained in the game the results would have been different. Although Fred Laird, his father, is a graduate of Dartmouth, he seemed pleased when Colgate crossed the line in the first period of playing.

The November term of supreme court will convene at 10 o'clock Tuesday morning.

Too much "home brew" and a sarcastic remark by a man who had not enjoyed any of the "home brew" about 11 o'clock Saturday evening caused a mix-up that resulted in the police being called to the Rialto bridge. When they reached the place the trouble was all over. However, those who saw the affair say that one of the men, against the other two, gave a good demonstration of pugilistic efforts and that one of his opponents received a jammed nose.

See the values in millinery. Mrs. Birnie, 4 Laurel street.—adv.

morning. Deputy Sheriff C. A. Smith will make the proclamation and will be in charge of the court this term, county court being in session and Sheriff Tracy has matters connected with it, which he wants to attend. The supreme court justice on Saturday consulted relative to the opinions that they will read Tuesday morning.

James Welcher, who has sold milk for several years in the city, has given up his route because of the shortage of milk.

Miss Eileen Burns has commenced work in the secretary of state's office. She is now associated with Miss Clara Cooley on the vital statistics for which the legislature appropriated \$3,000 in the last session to have secured. The reports are coming in slowly now and it will take the major portion of a year to get the work completed.

Luke H. Harrington has gone to Mt. Airy, N. C., where he has employment with the North Carolina Granite Co. Miss Ruth Dutton is taking a vacation from the secretary of state's office, a part of which she will spend with her sister in Hollis, N. H.

Mr. and Mrs. C. C. Paige, Mr. and Mrs. John Duncan and Miss Grandfield were in Northfield Saturday evening to attend a wedding reception given to Mr. and Mrs. Timothy Donahue.

Miller's inn was opened Sunday under the new management. Dinners were served to 175 persons, while there were also many who went to the hotel for supper.

Mrs. Thomas Sherman has completed her duties in the educational department and has commenced work in the office of the state engineer as stenographer.

Dr. M. B. Hillegas and State Treasurer W. F. Scott will be in Boston this week relative to the teachers' retirement fund association.

Gov. P. W. Clement, who spent a part of his week here, has gone to his home in Rutland.

Miss Lena Ross, deputy probation officer, is in the office here for a few days in connection with her duties.

Miss Florence Curley has gone to her home in St. Albans after a visit in the city.

Miss Jessie Stanton, who was the guest of friends in the city, went home Sunday evening.

Dele Jerome, who has been visiting with his parents here, went back to Montreal last evening. He was on a western trip when his brother died, so he was not able to get here in time for the funeral and, in fact, did not learn of the death until he returned to Montreal.

William Bartlett and John Bartlett of the Norwich university football team were home Sunday. Stacy Clark, one of the substitutes, was also home.

"Jock" Bartlett carried his left arm in a sling as a result of the Middlebury-Norwich game that was played Saturday. He will return to-morrow for an X-ray picture of the shoulder. Although it is possible the shoulder blade may be injured, it is thought that the tendons have been pulled apart.

Too much "home brew" and a sarcastic remark by a man who had not enjoyed any of the "home brew" about 11 o'clock Saturday evening caused a mix-up that resulted in the police being called to the Rialto bridge. When they reached the place the trouble was all over. However, those who saw the affair say that one of the men, against the other two, gave a good demonstration of pugilistic efforts and that one of his opponents received a jammed nose.

### Opportunity Certain in the Navy.

The opportunity for advancement from the enlisted ranks of the navy to a commission are to-day unprecedented. The navy must have officers and it must look to the enlisted man to supply this urgent demand. It merely depends upon the individual to see that the navy selects him instead of the men at his side. And the best way to assure this being done is to set out with the avowed intention of winning a commission and never losing sight of the end in view for one moment of the daily routine. Keep in mind also that there are numerous other highly enviable berths on the way to an ensign's commission, one of which you will be sure to fill if chance fortune should not smile on your highest endeavors.

Do well the duty that lies nearest your hand, keep your eye on the main chance, and don't think how hard a task is to do, but jump and see how quickly you can put it behind you. Opportunity is sure to come to you at some period of your enlisted service. This is dead certain, let it find you if you don't expect or prepared for it.

### GRANITE WORKING DEVICES

Are Sought By Various Associations of Employers.

An opportunity for inventors and others having ideas regarding mechanical appliances which might be used to advantage in the granite industry is offered by the International Monumental Granite Producers' association. This organization, which includes virtually every firm in the industry in this country and Canada, has just appropriated a large fund for the purpose of research, invention and adaptation of machinery for granite production. The associations of building and paving stone men are expected to join in the movement. The monumental granite men's association maintains headquarters in the Tremont building, Boston.

The industry has grown rapidly in the past few years and the principal aim of the association now is increased production. This can be accomplished, the producers believe, by the aid of labor-saving devices and also by the stabilization of the labor situation as it especially affects the industry.

For this reason the association is out to encourage American youths to learn the art of granite cutting. A scale of wages that will attract American young men has been adopted, providing for a wage of \$3 a day to any boy over 16 entering upon an apprenticeship, and advancing gradually until in the last six months of his three-year term he is earning \$5.25 a day, with an eight-hour day and 44-hour week. At the end of this time he is then qualified to receive the pay of a skilled craftsman, who receives from \$37.40 a week up.
